#### MONTRÖIG DEL CAMP

##### Acceso:

Desde el pueblo de Montröig del Camp, coger la carretera que nos lleva a la ermita Mare de Déu de la Roca (carretera T-322 dirección Coldejou) y a unos 2,5 km. Cogemos el desvío a la derecha que nos marca la ermita, entonces tenemos dos opciones.

Para ir a los bloques de la valle seguimos recto y cogemos la pista sin asfaltar hasta el parque pronunciada, seguimos recto y justo en la primera curva de derecha pronunciada, seguimos recto y cogemos la pista sin asfaltar hasta el parking de la covat del Patou, una vez allí, subimos caminando por la pista ancha unos 10 minutos y llegamos a la valle.

Sí queremos ir a los bloques de la ermita tenemos que seguir la pista asfaltada hasta llegar al parking de la ermita, allí cogemos a nuestra izquierda el sendero con barandillas de madera que sube, hasta llegar a las vías de escalada, las paramos por encima y continuamos por el sendero marcado con marcas amarillas hasta llegar a un canal de roca que encima hay dos pinos cardos y un pescebre metálico, entonces dejamos el sendero y vamos hacia la derecha hasta encontrar las franjas de bloque.

Época: hay diferentes orientaciones de sol y sombra.

**Roca:** arenisca roja del Buntsandstein, que en algunos tramos es algo más blanda.

**Aqua:** hay fuentes en los parkings de la zona.

**Precauciones:** la zona se encuentra en un Espacio de Interés Natural, por lo tanto se debe respetar los senderos abiertos, y sobre todo ser respectuosos con la zona y no dejar basura.

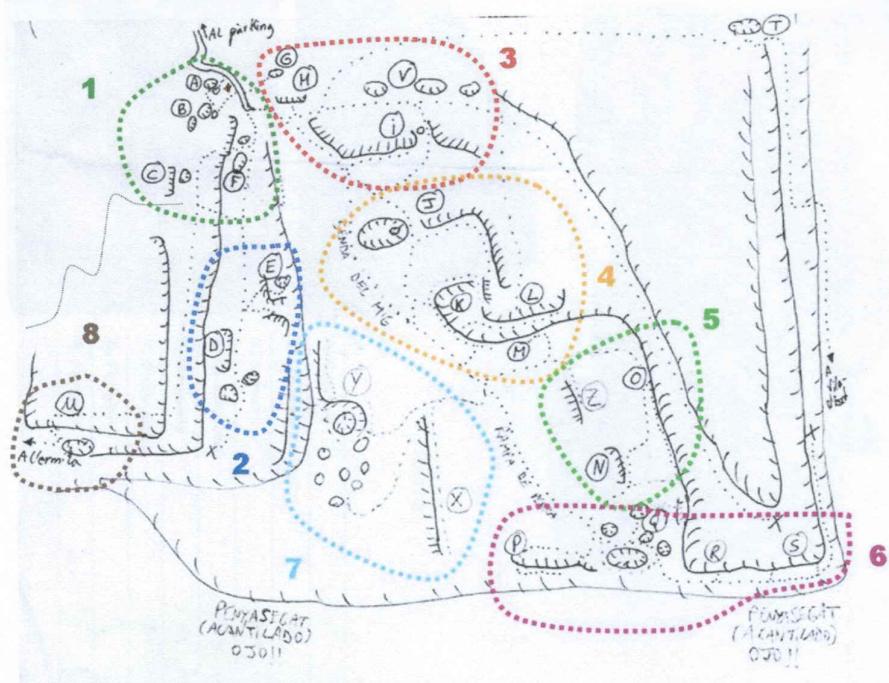

**Graduación:** grado fontan (fb), las casillas amarillas indican inicio de pie, azul inicio sentado, así pues el
